## NEWS FROM THE DIOCESE DIOCESAN SOCIAL JUSTICE COMMISSION

### Sunday, June 12th - Eleventh Sunday in Ordinary Time

"Economic and social policies as well as organization of the work world should be continually evaluated in light of their impact on the strength and stability of family life. The long-range future of this nation is intimately linked with the well-being of families, for the family is the most basic form of human community. Efficiency and competition in the marketplace must be moderated by greater concern for the way work schedules and compensation support or threaten the bonds between spouses and between parents and children. "
